

DRESS CODE GUIDELINES

For Stock Market Game Receptions

As all Illinois Stock Market Game program receptions are held in business locations with dress codes, we ask that attendees adhere to the following dress code guidelines:

- Dress code is business or business casual attire.
- Gentlemen, including young men, should wear a collared shirt and may also may wear a jacket and/or tie.
- Ladies should wear a blouse/sweater and pants/skirt outfit or a dress.
- Suits, while not required, are appropriate for either gender.
- Very casual wear should be avoided if at all possible, including, but not limited to: denim, t-shirts, athletic clothing (including athletic shoes), “low-rider” or “hip-hugger” type pants, or pants that allow a bare midriff.
- All clothing should be neat and clean.
- Hats, once inside the reception facility, are prohibited.

In order that we may comfortably accommodate all guests, outerwear (including hats) should be placed in the coat check area provided.

By no means should students or their family feel that a shopping trip is necessary to accommodate these dress code guidelines. Teachers should talk with their winning students and find an agreeable solution within their existing wardrobes.

For questions about appropriate attire, please contact Marty or Debbie at Econ Illinois using our toll-free number below.
